<https://www.facebook.com/auroralearningcommunity/>
Twitter: @ALCA_Ed

408, 410

Billy Sacket, bsacket@alcaweb.org

Gary Sacket, sacketg@alcaweb.org

Join the ALCA Community to create and share Arch-based curricula (plan books, paced units, projects, daily/weekly lesson plans, activities, concept/curriculum maps, strategy maps which map to PD, RTI, and lesson frameworks) and assessments (test banks, tests, quizzes, rubrics, checklists, forms, portfolios) mapped to unwrapped OAS standards (content, skills, DoK, learning targets, big ideas, essential questions). Use ALCA Classes to integrate curricula, assessments, and instruction to conduct test/portfolio interim assessments and to deliver assignments incorporating real-time quizzes/coursework supporting peer reflection within Comprehend, a data warehouse that also supports third-party assessment data analysis. Arch supports offline, blended, and online delivery of curriculum, assessments, and instruction. ALCA provides adaptable professional development resulting in sharable teacher products and ongoing support for PLFocus goals.

Dr. Kelli Carney, carneyka@nsuok.edu

Dr. Jim Ferrell, ferrellj@nsuok.edu

The College of Education at Northeastern State University is proud to prepare educators, psychologists, and fitness/health professionals to serve Oklahoma and the entire nation. Whether your career goals center around teaching in public schools, working with those seeking healthier physical and mental lifestyles, or attending graduate college for advanced preparation, the College of Education wants to help you reach your dreams.

Our heritage of service and excellence dates back to the Cherokee National Female Seminary founded in 1846. Our faculty focus on preparing professionals who are teaching scholars, educational leaders, and developers of human potential. Our teacher candidates and other graduates are committed to excellence in their fields and making a difference in their communities.

The College of Education offers programs at the Tahlequah, Muskogee, and Broken Arrow campuses. Six undergraduate degrees, nine graduate degrees, and four certifications are available. All education programs are accredited by the National Council for Accreditation of Teacher Education (NCATE), and at the state level, by the Office of Educational Quality and Accountability (OEQA). All other professional programs are aligned with national standards.

Lisa Anderson, okprojectwild@fullnet.net

Oklahoma Project WILD offers workshops for adults who teach children ages Pre-K through high school who want them to learn about our natural world. At highly interactive workshops, participants explore methods for teaching science, math, social studies, language arts and expressive arts while they learn about the world around them. Studies have shown that children who learn and play outdoors are more excited about learning and have higher academic achievement, show a decrease in ADD and ADHD symptoms when they are engaged with nature and become more active and healthy. Oklahoma Project WILD can assist you in getting your children outside and learning about Oklahoma's great outdoors!

Oklahoma City
www.schoolsafeid.com

Bart Baker, bart.baker@schoolsafeid.com Jason Pierce, jason.pierce@okschoolpics.com
Heather Rice, heather.rice@jostens.com

SchoolSAFEid is a privately-owned software company, based in Oklahoma City, Oklahoma, that specializes in cloud-based identification software that generates printable student ID card, as well as visitor management systems.

Our visitor check-in software enhances security and communication for schools and businesses. It can be run from a kiosk, or existing computer, in a school or business main office. The easy-to-use system walks visitors through the process, requiring them to scan a valid driver's license. The software compares the name and date of birth on the ID to the national database of registered sex offenders. Once approved, the system generates a visitor's pass.

Our student ID software incorporates barcodes, school logos, mascots, special colors for each grade, and so much more. If you don't currently have an ID printing solution, or if you would rather have a cloud-based solution that doesn't require installing software on a specific computer, we can help.
